

A GUARDIAN FOR TUFF BENEFIT

Tuff is a ten year old with Type 1 diabetes. We are trying to raise enough money to buy him a Diabetic Alert Dog. He is an amazing young man, one of the most polite and respectful you will ever meet. With all his struggles and complications of being “special” Tuff continues to stay strong and pray to God that one day there will be a cure. These dogs are extensively trained just for children like Tuff. The dog will be trained specifically to Tuff and the aroma that Tuff will give off when his blood sugar is too high or too low. These dogs can literally save the life of a child with diabetes. The down payment has been made and now we need enough money to finalize the purchase of the dog. Please join us in our efforts to help Tuff
